Only you may use your Store Account, and you are responsible for all activity that takes place with your Store Account or any Associated Accounts. You may not share your user name and password or otherwise authorize any third party to access or use the Microsoft Service on your behalf. You must keep your account in good standing, which includes, without limit, paying the Account Fee in a timely manner, complying with this Agreement, keeping your information current, and providing only true, complete and accurate information in connection with your Store Account and any Associated Accounts. Microsoft may verify the information you submit, which may include providing your information to third party verification services. Failure to keep your account in good standing may, among other things, result in possible revocation of your Store Account, removal of your Applications and In-App Products from Windows Phone Store, loss of ratings and reviews, and forfeiture of any associated Account Fee.

3) Your Participation in the Windows Phone Store.

- a. **Submission.** You must submit to Microsoft each Application and the metadata for each In-App Product that you wish to make available in Windows Phone Store. You are solely responsible and liable for the Applications and In-App Products you submit. You are responsible for supporting your Applications and for delivering and supporting your In-App Products. All copies of the Applications you submit will be retained (or destroyed) by Microsoft and will not be returned. You are responsible for maintaining your own backup copies.
- b. **Evaluation and Testing.** If Microsoft offers a “device unlock” service, however named, through the Developer Website, you may use such service to unlock a reasonable number of Windows Phone 7 or Windows Phone 8 Devices, in accordance with any specifications and technical limitations of the service, solely for the purpose of using such unlocked Windows Phone 7 or Windows Phone 8 Device to test and evaluate your Applications and/or In-App Products. For purposes of this Section 3.b, “unlock” means to enable the Windows Phone 7 or Windows Phone 8 Device to load and run Applications and/or In-App Products that are being developed for the Windows Phone Store.
- c. **Certification.** Within a reasonable period of time after you submit an Application to Microsoft, and provided that you have (i) paid any applicable Certification Fees and (ii) accepted any additional terms of service from Microsoft’s designated Certification vendors, Microsoft (or Microsoft’s designated Certification vendor) will evaluate the Application to determine whether the Application complies with the Certification Requirements. You agree to cooperate with Microsoft and Microsoft’s designated Certification vendor in this process. Microsoft may also evaluate your Application and In-App Products periodically after they become available in the Windows Phone Store to verify that they comply with this Agreement. For additional information about the Certification process and Certification Fees, visit <https://dev.windowsphone.com>.
- d. **Application Availability.** Microsoft has no obligation to make any Application or In-App Product available in the Windows Phone Store, even if the Application has been Certified.
- e. **Application Placement.** Microsoft reserves the right, in its sole discretion, to make (or to designate third parties to make) all decisions regarding placement or promotion of Applications in the Windows Phone Store.
- f. **Removal.** Microsoft reserves the right to remove any Application or In-App Product from availability in the Windows Phone Store for any reason or no reason. Reasons may include, without limitation, (i) your breach of the terms of this Agreement or the Documentation; (ii) your express termination of this Agreement or of the license grants associated with an Application or In-App Product; (iii) an assertion or claim that your Application or In-App Product infringes the intellectual property rights of a third party; (iv) an assertion by a mobile network operator that your Application or In-App Product causes harm to the operator’s network; (v) an assertion by a mobile network operator that your Application is already provided under an agreement between you and a mobile operator or (vi) complaint(s) about the content or quality of your Application or In-App Product. Microsoft also reserves the right to disable previously downloaded copies of an Application on mobile devices if Microsoft believes that the Application could cause harm to end users or their devices, third parties (including any Covered Party), or any network, or to comply with any judicial process, government order, or lawsuit settlement. Unless your Application or In-App Product is removed or disabled for breach of this Agreement or in response to an infringement allegation (in which case Section 7.c will apply), Microsoft will pay to you the amounts owed, if any, in connection with the purchase of your Application or In-App Product before removal.
- g. **Product Ratings.** The Windows Phone Store allows Purchasers to comment on and rate Applications. Microsoft may use those ratings and other data to determine the placement or marketing of Applications

in the Windows Phone Store. Your Applications may be subject to ratings with which you may not agree. You may not attempt to manipulate ratings or rankings for your Application or any other Application.

- h. Enterprise Applications. If you provide any Enterprise Application(s) to your Employees (both as defined in Exhibit C), you are subject to and agree to the terms set forth in Exhibit C to this Agreement.
- i. Modification or Discontinuance. Microsoft may, in its sole discretion, (a) change, improve, or correct Windows Phone Store or (b) discontinue Windows Phone Store, in whole or in part.

4) Appointment as Agent or Commissionaire; Licenses.

- a. Appointment of Microsoft. The Windows Phone Store is a forum through which Applications and In-App Products are made available by Application Providers to Purchasers. Microsoft's role is to provide the technology and services to enable this forum, and to process the related purchases, returns and chargebacks for you. Except as otherwise provided in Exhibit D to this Agreement, you appoint Microsoft to act as your agent or commissionaire, as applicable, for these purposes, and you acknowledge that you, not Microsoft, are the distributor of the Application and/or In-App Product.
- b. Grant of Rights to Microsoft. You do not transfer ownership of any Application to Microsoft by submitting it, but you do grant to Microsoft, in its capacity as your agent or commissionaire, the worldwide right (a) to host, install, use, reproduce, format, and sign your Application(s) (including by removing preexisting signatures) for purposes of performing Certification (by Microsoft or Microsoft's designated certification provider) and testing Application compatibility and to install and use your In-App Product(s) for purposes of testing compliance of the In-App Product(s) with the Certification Requirements and (b) directly or indirectly through Microsoft's authorized partners, to host, reproduce, market, promote, offer, and make available your Application(s) to Purchasers and to market, promote, offer, and make available your In-App Product(s) to Purchasers. If you designate your Application as pre-installable by an OEM or mobile operator, you will have the ability to provide the Application (as formatted and signed by Microsoft) to the designated OEM or mobile operator in accordance with the applicable Documentation and pursuant to an appropriate agreement between you and the designated OEM or mobile operator. If you use the functionality in the Developer Website to request that Microsoft remove your Application or In-App Product from availability in the Windows Phone Store (which functionality may be referred to as the "unpublish" functionality or otherwise), within a reasonable period of time Microsoft will remove the affected Application or In-App Product from the Windows Phone Store and cease making the affected Application or In-App Product available, except as permitted under Section 11.b of this Agreement.
- c. Right to Use Marks. You grant Microsoft the right to use, display, demonstrate, and publicly perform your entity name, Application(s) or portions of your Application(s), In-App Product(s), and Marks, without modification, in connection with marketing and making available to Purchasers the Application or In-App Product in the Windows Phone Store and in marketing campaigns, presentations, and press releases for the Application or In-App Product and/or Windows Phone.
- d. License to Purchaser. You, not Microsoft, will license the right to install and use the Application or In-App Product to Purchasers. You may provide a license agreement to the Purchaser for your Application or In-App Product. If you do not provide a license agreement with your Application, then the Standard Application License Terms, attached as Exhibit A, will apply between you and Purchasers of your Application or In-App Product (as a supplement to your Application). If you provide your own license agreement, your license must, at a minimum, (a) permit the Purchaser to download and run the Application or In-App Product on up to five (5) Windows Phone Devices associated with that Purchaser's Microsoft account, without payment of any additional fees to you (from either Microsoft or Purchaser), (b) include "disclaimer of warranty" and "limitation on and exclusion of remedies and damages" sections that are at least as protective of Covered Parties as Exhibit A and (c) disclaim any support services from

Microsoft and the Purchaser's phone manufacturer and network operator. Your license terms must not conflict with the Standard Application License Terms in any way, except that if your Application or In-App Product includes FOSS, your license terms may conflict with the limitations set forth in Section 3 of the Standard Application License Terms, but only to the extent required by the FOSS that you use.

- e. **Terms of Use and Privacy Policy.** If your Application enables access to and use of Internet-based or mobile services or otherwise collects and/or transmits user information to you or a third party, you are responsible for informing Purchasers of your terms of use and privacy policy. At a minimum, you must maintain a privacy policy that (i) complies with applicable laws and regulations, (ii) informs users of the information collected by your Application and how that information is used, stored, secured, and disclosed, and (iii) describes the controls that users have over the use and sharing of their information and how they may access their information. Covered Parties' terms of use and privacy policies will not apply to a Purchaser's use of your Application.
- f. **Access to Transaction Data.** Even though Microsoft is your agent or commissionaire as described in Section 4.a, Microsoft will not provide you access to any personal information submitted by Purchasers through the Windows Phone Store, including transaction data. You waive, release and disclaim any claim or right you may have to request access to such information. The reporting available to you through the Developer Website will provide aggregate information relating to your Application downloads and Application and In-App Product transactions and Microsoft's payments to you under this Agreement.

5) **Application Requirements.** Each Application and In-App Product you submit to Microsoft for Windows Phone Store must comply with the following requirements (the "Application Requirements"):

- a. The Application or In-App Product, including any Application or In-App Product that contains FOSS, must comply with and remain in compliance with this Agreement and all requirements and obligations detailed in the Documentation, as any of these may be revised from time to time.
- b. The Application or In-App Product must comply with the applicable laws of each jurisdiction into which you choose to make the Application or In-App Product available, including (i) export control laws; (ii) data protection, privacy, and other laws and regulations relating to collection and use of user information by your Application; (iii) telecommunications laws; and (iv) content ratings regulations. Applications made available through the Windows Phone Store may be subject to the U.S. Export Administration Regulations (EAR), regardless of the origin of the Application. As such, Microsoft requires that Applications must be lawfully distributable to all jurisdictions without additional review, approval, license, or technology-based restriction by any governmental entity. For more information on complying with the EAR, see the U.S. Department of Commerce's website <http://www.bis.doc.gov/licensing/exportingbasics.htm>.
- c. You are, and will continue to be, at your sole cost and expense, responsible for securing, reporting and maintaining all necessary rights, clearances and consents and paying all licensing fees (including but not limited to applicable public performance license fees to music publishers and/or performance rights organizations (e.g., ASCAP, BMI, and SESAC)) and other sums, costs and/or consideration associated with providing music or video (and all content embodied therein) in and through your Application or In-App Product, and for undertaking all associated reporting obligations related thereto.
- d. Your Application or In-App Product must not contain any viruses, hidden content or other malicious applications (including, for example, any "trap doors," "worms," "Trojan horses," "time bombs," back doors, disabling devices, or code blocks) or other unauthorized, hidden, or harmful programs.
- e. If your Application includes FOSS, (i) you must comply with all applicable FOSS license terms, including any source code availability requirements, and (ii) the Application must not cause any non-FOSS Microsoft software to become subject to the terms of any FOSS license.

- f. You may elect to support purchasing options from within your Application. You are not required to use the Windows Phone Store In-App Purchase solution (as described in the Documentation) to support those purchases, but any in-app purchase functionality that you offer must comply with the Certification Requirements. If you use the Windows Phone Store In-App Purchase solution, purchases will be subject to the Store Fee and the Application Requirements, including the Certification Requirements for In-App Purchases. If your Application allows any purchasing from within the Application, through Windows Phone Store In-App Purchase or otherwise, you must prominently disclose in your product description that in app purchase functionality is available.

6) Application Pricing; Taxes on Application Transactions.

- a. When you submit an Application or In-App Product to Microsoft, you may designate the price (if any) to be charged to Purchasers (consistent with the Application price points specified by Microsoft in the Documentation for the applicable geography), and Microsoft will charge that price in making your Application or In-App Product available in the Windows Phone Store.
- b. Microsoft (or its billing service provider or other authorized partner) will collect and remit sales, use, goods and services, value added or similar taxes, if any, applicable to Purchasers' acquisition of your Application(s) and In-App Product(s) through the Windows Phone Store only in the country(s) and to the extent described in the attached Exhibit B and Exhibit D, as may be revised from time to time. Except as otherwise provided in Exhibit B and Exhibit D, Microsoft will not remit any sales, use, goods and services, value added or other similar tax in connection with Purchasers' acquisition of your Application(s) or In-App Product(s). You are responsible for reviewing Exhibit B and Exhibit D in light of your circumstances and determining whether you have an obligation to register, collect, and remit taxes in any country in which you elect to have Microsoft make your Application or In-App Product available to Purchasers, and it is your responsibility to designate the sales price of your Application or In-App Product appropriately and to comply with any such tax obligations that apply to you. For additional tax information and requirements, please see <http://go.microsoft.com/fwlink/?LinkId=271132>. You will defend, indemnify and hold Microsoft harmless against any claims by any tax authority based on any nonpayment or underpayment of any sales, use, goods and services, value added or other similar tax, including any associated penalties and interest, which you are obligated to pay.

7) Payment Terms and Fees.

- a. As complete payment to you in connection with your participation in the Windows Phone Store under this Agreement, Microsoft will pay you applicable Application Proceeds, if any. The Store Fee you owe to Microsoft for making your Applications and In-App Products available through the Windows Phone Store will be deducted from payments made to you in accordance with this Section 7.
- b. Application Proceeds. Application Proceeds will be calculated on a monthly basis by deducting the Store Fee from Net Receipts for the applicable month. If total Application Proceeds payable to you for a month exceed USD\$200 (or its equivalent in local currency), then Microsoft will remit payment to you in accordance with this Section 7. If total Application Proceeds for the month are less than USD\$200 (or its equivalent in local currency), then Microsoft may elect to carry forward the amount owed to subsequent months until the total amount owed exceeds USD\$200 (or its equivalent in local currency).
- c. If Microsoft removed any Application(s) or In-App Product(s) of yours from the Windows Phone Store and/or Purchasers' devices during the applicable month for breach of this Agreement or in response to an allegation of intellectual property infringement, Microsoft may deduct any costs incurred in connection with the removal of such Application(s) or In-App Product(s) from any Application Proceeds otherwise

payable to you under this Section 7. If Microsoft terminated your Store Account during the applicable month for breach of this Agreement, Microsoft may deduct any costs incurred in connection with closing your Store Account from any Application Proceeds otherwise payable to you under this Section 7 for the applicable month.

- d. **Payment Processing.** Microsoft will make all Application Proceeds payments to you in accordance with Microsoft's then-current payment policies, which include payment via Electronic Funds Transfer (EFT) to the financial institution listed in our records. Microsoft is not responsible for delay, loss or misapplication of funds due to incorrect or incomplete information supplied by you, Associated Accounts or a bank or for failure of a bank to credit your account. If you are outside of the United States of America, Microsoft may remit payment to you in the local currency of your address for payment, using Microsoft's then current rates for converting USD into your local currency. You acknowledge that the amount you actually receive will depend in part on the rates and fees imposed by your financial institution and on any applicable tax withholding requirements, and that the amount you receive will be inclusive of any sales, use, or value-added taxes that may be chargeable between you and Microsoft in connection with the Store Fee. You must provide Microsoft (or its third party payment processor) with all financial, tax and banking information requested in order to make payment of amounts owed under this Agreement. Microsoft will notify you of any changes to the required information via updates to the Documentation. Failure to provide such information or to keep such information current and accurate, may result in Microsoft's removal of your Application or In-App Product from Windows Phone Store and forfeiture of amounts owed to you under this Agreement.
- e. **Taxes on payments.** You are responsible for your own taxes, including taxes unique to where you reside, related to payments you may receive under this Agreement. You are also responsible for paying any sales, use, or value-added taxes (if any) that are chargeable by you to Microsoft in connection with the Store Fee that Microsoft collects as a fee for acting as your agent or commissionaire in making the Application(s) and In-App Product(s) available in Windows Phone Store. If taxes are required to be withheld on any amounts to be paid by Microsoft to you, Microsoft will deduct such taxes from the amount owed and pay them to the appropriate taxing authority and will secure and deliver to you an official receipt for any such taxes withheld. Microsoft shall use reasonable efforts to minimize such taxes to the extent permissible under applicable law, and each party shall reasonably cooperate with the other to obtain the lowest tax rates or elimination of such taxes pursuant to the applicable income tax treaties.
- f. **Reconciliation and Offset.** You are responsible for all costs and expenses for returns and chargebacks of your Applications or In-App Products, including the full refund and chargeback amounts paid or credited to Purchasers. Refunds processed after you receive the Application Proceeds will be debited against your account. Microsoft may offset any amounts owed to Microsoft against amounts Microsoft owes you.

8) **Warranties.** You represent and warrant to Microsoft and each Covered Party, as applicable, that:

- a. You have the power and authority to enter into this Agreement and to fully perform your obligations under this Agreement;
- b. You are at least 18 years of age (or of an age of full legal capacity in the location where you reside) on the date you submit your Application(s) to Microsoft;
- c. In making your Application or In-App Product available in the Windows Phone Store, you are not and will not violate any agreements to which you are a party or of which you are otherwise aware;
- d. You have obtained any and all consents, approvals or licenses (including written consents of third parties where applicable) required for you to make your Application or In-App Product available in Windows Phone Store and for your Application(s) to access any Internet-based services, if any, to which the Application(s) enables access; and

- e. The information you provide to Microsoft under or in connection with this Agreement is true, accurate, current, and complete.

9) Confidentiality.

- a. **Confidential Information.** Each party agrees that at all times during the term of this Agreement, and for five (5) years thereafter, the recipient of Confidential Information under this Agreement will hold in confidence, and will not use or disclose any Confidential Information to any third party (other than in response to lawful requests from law enforcement authorities or to Covered Parties or permitted contractors to the extent they are performing the receiving party's obligations under this Agreement subject to confidentiality obligations that are at least as protective as those contained in this Section 9). The term "Confidential Information" means all non-public information that a party designates, either in writing or verbally, as being confidential, or which, under the circumstances of disclosure, ought to be treated as confidential. Confidential Information includes information relating to (i) business policies or practices of a party, (ii) customers or suppliers of a party, or (iii) information received from others that the disclosing party is obligated to treat as confidential, but does not include information that was known to the receiving party prior to disclosure by the disclosing party, or information that becomes publicly available through no fault of the receiving party. If you have any questions as to what comprises Microsoft Confidential Information, you agree to consult with Microsoft.

10) Disclaimer, Limitation of Liability, and Defense of Claims.

- a. **DISCLAIMER OF WARRANTY.** WE PROVIDE THE MICROSOFT SERVICE "AS-IS," "WITH ALL FAULTS," AND "AS AVAILABLE." YOU BEAR THE RISK OF USING THE MICROSOFT SERVICE TO OFFER AND PROVIDE YOUR APPLICATION(S) AND/OR IN-APP PRODUCT(S) TO PURCHASERS. TO THE EXTENT PERMITTED BY LOCAL LAW, MICROSOFT, ON BEHALF OF ITSELF AND EACH COVERED PARTY, EXCLUDES ANY IMPLIED WARRANTIES OR CONDITIONS, INCLUDING THOSE OF PRODUCT LIABILITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, WORKMANLIKE EFFORT, AND NON-INFRINGEMENT, RELATING TO THE MICROSOFT SERVICE. WITHOUT LIMITING ANY OF THE FOREGOING, COVERED PARTIES EXPRESSLY DISCLAIM ANY WARRANTIES THAT ACCESS TO OR USE OF THE MICROSOFT SERVICE WILL BE UNINTERRUPTED OR ERROR FREE.
- b. **LIMITATION OF LIABILITY.** UNDER THIS AGREEMENT, YOU CAN RECOVER FROM MICROSOFT AND ITS AFFILIATES ONLY DIRECT DAMAGES UP TO AN AMOUNT EQUAL TO YOUR ACCOUNT FEE. YOU AGREE NOT TO SEEK TO RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT, OR INCIDENTAL DAMAGES FROM ANY COVERED PARTY. THESE LIMITS AND EXCLUSIONS APPLY EVEN IF COVERED PARTY KNEW OR SHOULD HAVE KNOWN ABOUT THE POSSIBILITY OF THE DAMAGES. THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU BECAUSE YOUR STATE OR COUNTRY MAY NOT ALLOW THE EXCLUSION OF CERTAIN DAMAGES.
- c. **Duty to defend.** You will defend, indemnify and hold harmless each Covered Party, as applicable, from and against any and all claims made or brought by an unaffiliated third party, and costs, losses, damages and expenses (including reasonable attorneys' fees) relating thereto: (i) alleging that your Application or In-App Product infringes its copyright, trademark, or patent rights, or misappropriates its trade secret or undisclosed information; (ii) arising from a failure of your Application or In-App Product to comply with any of the Application Requirements; (iii) relating to the use of or inability to use the Application or In-App Product, including any product liability claims; or (iv) arising from any breach of any warranty in this Agreement by you. Your obligations under this subsection are subject to all of the following conditions: Covered Party will (A) notify you promptly in writing of the claim; *provided however*, a Covered Party's failure to notify you shall not relieve you of any liability that you may have, except to the extent that such

failure materially prejudices your legal rights; and (B) provide you with reasonable assistance in defending the claim (and you will reimburse Covered Party for any reasonable out-of-pocket expenses incurred in providing that assistance). You will not make any settlement or compromise of a claim, or admit or stipulate any fault or liability on the part of a Covered Party, with respect to any claim covered by this Section 10.c without such Covered Party's express prior written consent.

- d. Covered Parties who are not party to this Agreement are beneficiaries of this Agreement solely for the purpose of enforcing the rights granted to such Covered Parties in this Section 10.

11) Term and Termination.

- a. This Agreement will remain in effect until terminated.
 - i. Termination for convenience. Either of us may terminate this Agreement at any time and for any reason (or no reason) by giving at least sixty (60) days written notice.
 - ii. Termination for breach. Either of us may terminate this Agreement immediately in the event of a material breach of this Agreement by the other party which is not cured within thirty (30) days after receipt of written notice of the breach.
- b. If you or Microsoft terminate this Agreement, or if you request that Microsoft remove your Application from the Windows Phone Store under Section 4.b of this Agreement, you agree that Microsoft may retain a copy of the affected Application(s) and, unless the Application was removed from the Windows Phone Store because of an allegation or judgment of intellectual property infringement, you grant to Microsoft a perpetual, limited license to reproduce and provide such Application(s) to Purchasers who previously downloaded the Application(s) and need to re-download the Application(s) as a result of storage management, backup and restore, technical or other reasons.

12) Miscellaneous

If you assign this agreement as permitted in this Section 12.d, you agree (A) to provide prompt notice of such assignment to Microsoft and (B) if the assignee does not already have a Store Account, such assignee shall open a Store Account in accordance with Section 2 of this agreement within fourteen (14) days after the date of a permitted assignment under this Section 12.d.

- i. Sections of this Agreement that, by their terms, require performance after the termination or expiration of this Agreement will survive.
- j. This Agreement is nonexclusive, and nothing in this Agreement may be construed as restricting Microsoft from entering into other, similar agreements with other application providers, or from acquiring, licensing, developing, manufacturing, or distributing technology that is similar to your Application(s) or In-App Product(s), nor as restricting you from entering into other, similar agreements to make your applications available through other application marketplaces.
- k. Microsoft may update this Agreement at any time in its sole discretion. Microsoft will indicate the last date on which the Agreement was modified at the top of the Agreement. If you do not agree with an update, do not submit an Application or any related materials (including In-App Products), and notify Microsoft that you are terminating the Agreement.
